Excavations 1950

The week-end work at "The Mounts" has located the paved way leading from the old highway to the bridge across the moat. Its extent and direction is now being worked upon. Additional volunteer workers will be welcomed, any Saturday, at 3.30 p.m.

It has been found, unfortunately, that the site of the proposed 'dig' at Ashtead is under crops and the work there will have to be postponed until next year.

Library

The following additions to the Library List (copies of which can be supplied to new members who have not had one) should be made:-

General "What happened in History" (Childe)

Local History

"Blechingley" (Lambert)

"Reigate. Its Story through the Ages" (Hooper)

Architecture

"Some hints on the Maintenance and Repair of 17th and 18th Century Premises" (Blackheath Society publication)

"Proceedings" No.3

Unfortunately the issue of this number has been delayed through circumstances outside the Hon. Editor's control, but it is expected that it will be available and circulated almost any day now. It is thought that members will find it worth waiting for.

If there is any member who has not paid his subscription for the current year he should do so at once to make sure of getting his copy.

Yours sincerely,

A. T. RUBY

(Hon. Secretary)
